

FindYour

Group 16:

Neel Patel, Revathi Dhotre, Rimsha Rizvi, Shehriar Burney

■ Total number of homeless people in the United States by year

Source: U.S. Department of Housing and Urban Development

What is 'FindYour'?

FindYours is an **all-in-one application** which focuses on assisting **homeless people** reintegrate back to society. This is done by offering them:

1.

Affordable housings

2.

Employment Opportunities

3.

A means of communication with former homeless individuals to guide them throughout their journey

Purpose Of The Application

Goals of the project: Aims to make a tangible impact on the homelessness crisis by empowering individuals with resources, connections, and tools to reestablish themselves in society.

Measurement: We will meticulously collect and analyze user data, comparing it against our defined targets to understand our reach and impact.

*“Assist **20% of active users** in transitioning from homelessness to stable housing within the **first 3 years** of using the platform”*

*“Facilitate employment opportunities for **40% of active users** within **2 years** of joining the platform, with the aim of long-term job retention”*

Competitors

We have **no direct competitors** that have an all-in-one solution, or competitors that cater to homeless people specifically.
